Chambolle-Musigny "Beaux Bruns - Fouchères" 2022

AOC Chambolle-Musigny, Bourgogne, France

LOCATION

"Aux Beaux Bruns": Located in the northern part of the appellation, in the premier cru climat of Aux Beaux Bruns.

"Les Fouchères": This plot is located to the south of the Chambolle-Musigny appellation and faces northeast. It neighbors the premier cru plot of les Borniques to the east and it is around 50 meters south of the grand cru Musigny appellation.

TERROIR

"Aux Beaux Bruns": This is a darker terroir with blacker and deeper clays than those found to the south of the appellation. This plot is located a few meters from the village of Morey-Saint-Denis. This is reflected in the wine, which is more structured whilst maintaining the delicacy and finesse of the tannins of Chambolle.

"Les Fouchères": The vines grow on a soil comprising limestone rock, pebbles, gravel, and scree from the Chambolle-Musigny valley. Its northeast exposure and the influence of the valley combined with its limestone soil bring lovely freshness to this Chambolle. This cooler terroir has benefited very well from the global warming seen in this region over the last few vintages.

VARIETAL

Pinot Noir 100%

TASTING

It is a very refined village wine with floral aromas and a yielding texture. It always has a certain freshness, even in the richest vintages, thanks to its soil and exposure.
