

Ladoix "La Toppe d'Avignon" 2022

AOC Ladoix, Bourgogne, France

LOCATION

Located on the south-west slope at the beginning of the Magny les Villers valley, it is a relatively deep terroir. Toppe means a place where the bedrock has collapsed, creating basins.

TERROIR

The erosion of the neighboring vines in this hollow provides soils with a depth of approximately two meters at the bottom of the plot and less than one meter in the upper part with small limestone pebbles.

VARIETAL

Pinot Noir 100%

13,50 % VOL.

TASTING

These fairly fine clays generally produce wines with a fairly round and elegant texture. These are not wines generally made for long aging, but four to five years in the cellar will suit them without any problem.
